EDUCATIONAL SESSION SPEAKERS

MSHA Update

Gary Hebel, *District Manager, MSHA*

DOGAMI Issues & Update

Raurri Day-Stirrat, *Executive Director, DOGAMI*

E-Ticketing

Brandon Hundley, *Vice President of Strategic Partnerships, HaulHub*

This presentation will focus on the Federal Highway Administration's Every Day Counts (EDC) program Round 6, which was announced in 2019, and the promotion and advancement of digital construction tools by encouraging the implementation of e-Ticketing and Digital As-Builts. When deployed at scale, these technologies enhance project outcomes by providing a safer, more streamlined way of performing work. 48 state transportation agencies and departments are moving ahead with e-Ticketing initiatives, marking it THE most successful and adopted EDC innovations to date. Come and learn about the value that e-Ticketing brings to the entire supply chain, and once deployed can unlock significant time savings, increase productivity, increase transparency and help overcome workforce challenges for all project stakeholders.

Clean Water Panel

- Ryan Locicero, *Ph.D, P.E., Clean Water Services*
- Raurri Day-Stirrat, *Executive Director, DOGAMI*
- TBD, *DEQ*

H10P Grant

Michael Bernert, *Co-Owner, WCP, Inc.*

This session will be sharing an update on the \$241,000 grant to our industry from Business Oregon to fund innovation on concrete sustainability. Specifically, we will share results from truck trials and lab trials of several innovation low GWP concrete mixes.

Final information will be available inside the attendee registration packets.
